Note: This program is designed to provide most scouts with an orderly schedule for completing required merit badges. It cannot accommodate the needs of every scout and does not preclude scouts from completing these merit badges "out of cycle" to meet individual requirements. This schedule will assist the scouts in planning for the timely completion of Eagle required merit badges.

This schedule is also a way for adults to plan to assist in the merit badge program. We are always in need for counselors to teach the badges. If you have an interest in becoming a counselor, please contact Dean Stinson (703-455-4072) to learn more about the process.

Update 16 September 200
